Changing Transmission Fluid In Tuff Transmission fluid should be changed based on the vehicle manufacturer's recommendations. If you can't find that interval, every 30,000 miles is a safe bet. An automatic transmission that shifts roughly, slips or is noisy might also benefit from a transmission fluid change. A low fluid level can also cause these drivability issues, so check the level before you replace the fluid. How to Change Transmission Fluid | Advance Auto Parts

Changing Transmission Fluid In Tuff Torq K574
Tuff Torq recommends a 5w50 synthetic oil for the K46 boxes. Same basic unit (I think). There are a couple magnets inside the case on these and can have some serious build up on them. Best to remove, split the case and clean out the insides. Usual recommendation is to drain the oil, measure what came out, refill with like amount.

Tuff Torq K51 Fluid Change Question | Lawn Mower Forum
Changing & Checking Oil in the K46 w/ext. reservoir housing (ex.K46AM) An oil change schedule is suggested to extend the life of the K46 transaxle. Tuff Torq recommends changing oil after the 1st 50 hours of operation and every 200 hours, thereafter. The filter should never require changing unless the transaxle is removed from the

K57 - Tuff Torq Corporation
Transmission fluid should be changed based on the vehicle manufacturer's recommendations. If you can't find that interval, every 30,000 miles is a safe bet. An automatic transmission that shifts roughly, slips or is noisy might also benefit from a transmission fluid change. A low fluid level can also cause these drivability issues, so check the level before you replace the fluid.

How to Change Transmission Fluid | Advance Auto Parts
My John Deere has the K62 transaxle and there was some confusion as to which fluid to use, J20C HY-GARD High Viscosity or 5W-50 motor oil. I emailed Tuff Torq and they said either will work fine but the J20C HYGARD will work better in the cooler months. I went with Napa J20C Heavy duty tractor and transmission fluid.
