Nursing assignment: the distinction between leadership and ...  
Some nurses spend years leading in an informal leadership capacity, while others take on formal management and leadership roles. However, all management and leadership roles are not the same, and although the titles often are used interchangeably, they are not synonymous. The nurse manager role up close. Whether managing a unit, division or service line, at its core the nurse manager role is to ensure everything functions like a well-oiled machine.

Nurse manager vs. nurse leader: What's the difference?

Managers and Leaders The terms "management" and "leadership" are often used interchangeably, yet there are tremendous differences between the two. Jennings and associates (2007) analyze this sentiment by describing a different set of unique competencies native to each role. In short, "managing" is primarily focused on the functionality of an organization while "leading" is concerned with ...
