Fundamentals of
Database Systems,
Global Edition:
Elmasri ...

The title of this
book suggests that
it is merely the
basics; don't be
fooled. This book
goes far beyond
the fundamentals.

Where To Download

It is over 1,000 pages of "stuff". It is used for graduate school classes in database design. I won't bore the reader with complex theories and jargon. In short, don't buy this book unless it is required for a school course.
