Histology And

Cell biology (also cellular biology or cytology) is a branch of biology studying the structure and function of the cell, also known as the basic unit of life.

Cell biology encompasses both prokaryotic and eukaryotic cells and can be divided into many sub-topics which may include the study of cell

File Type PDF  
Histology And  
metabolism, cell  
communication, cell  
cycle, biochemistry, and  
cell composition.
