At the end of that year, Giulio Cardinal de Medici commissioned him to write a history of Florence. Although this was not exactly the charge he desired, Machiavelli accepted it as the only possible way to come back into the grace of the Medici. The intent of the work, although semi-officially, was to recover the city's charge of historic officiality. The wage for the appointment was not large ...

Machiavelli's history of Florence is more a history of the politics of Florence rather than the events of Florence. Written late in life while out of favor with the ruling party; Machiavelli felt that his country could have been the grandest republic in the world's history, but that it had failed to live up to its full potential. In this book he explained why and how that came to be.
