The first year of the KX250F was 2004 and it saw immediate success in Supercross and Motocross racing capturing the East/West SX championships as well as the national MX title. For the 2006 model year, Kawasaki took its own separate route in 250F development by releasing an all-new bike that had no ties with Suzuki.

The Kawasaki KX250F introduced in 2004 and KX450F was introduced in 2006 and both utilize a 4-stroke DOHC engine. Many factors came into play with the demise of the 2 stroke market, however 2 strokes are once again becoming popular due to the costs associated with maintenance of the very complex workings of the 4 stroke design.
