Guidance on implementing Alliancing using NEC3 contracts. NEC and Infrastructure Client Group (ICG) launched a free guide on how to implement alliancing. Collaboration is a common principle of both NEC and ICG. The two got together to develop a document to provide a clear and valuable guidance on how to use NEC3 contracts for alliance arrangements and on the documents that should be developed in preparing the terms of an alliance agreement.

The user guide on procurement and contract strategies helps clients to identify the best way of achieving their project objectives, taking into account constraints, funding, risk and asset ownership.

~~NEC4 User Guides—NEC Contract~~

The NEC: A user's guide. Changing a partnering contract isn't like changing a brand of cereal - but the contract writers could take a lesson in clear English from the back of the packet. The last RICS survey of contracts in use showed that the JCT forms accounted for more than 90% of projects. That comes as a bit of a surprise when you look at the rate at which the public sector is adopting partnering contracts in order to comply with government guidance and to secure funding.
