But it never works; all it does is make us frantic (and, of course, late). So get up on time. This might require a major shift of evening habits to allow you to go to bed earlier, but that's another podcast in and of itself. Regardless, don't try to compensate by doing everything else in fast forward.

If you've never been where you're going, look up directions beforehand (not at the time you're supposed to be walking out the door). Before you accept invitations for engagements, ask yourself if you really can, or want to, attend. If you're hesitant, perhaps it's better to politely decline than rudely arrive late.
