In an age where every 60 seconds 140,000 images are uploaded to Facebook, image production and literacy are more important than ever. Learn how to use the photographic tools we already have with us everyday, to create compelling images, stories and videos that will cut through the digital clutter of our daily image feeds.

Literacy of the limitless - Photo Magic

Photography Is Magic Updated on March 17, 2020 by Lauren Lim Whenever we travel we end up spending a lot of time reflecting—on both our own work, and photography in general. On this latest trip I found myself thinking about a shoot we did in 2010, and how one simple word from a boy captured so much about photography that it blew my mind.

Photography Is Magic

In Photography is Magic (Aperture), curator and critic Charlotte Cotton uses the guiding concept of a magician's tricks (as she puts it in the introduction, "the kind of intimate, right-in-front-of-you sleight of hand that brings pure wonder and delight") to survey the art of 80 contemporary photographers.

Get Free Photography Is Magic

A photograph itself is a kind of magic. In its simplest form, it captures a moment gone and preserves a place and time unchanged on its two-dimensional plane. The mechanics of that alone are an astounding feat, where the goal is the image produced and the subject is clearly framed and readily recognized. But there ' s another kind of magic; a more familiar one that misdirects and plays with points of view and calls on our imagination to question what it is we see.

PHOTOGRAPHY IS MAGIC - THE LAST MAGAZINE

Photography Is Magic provides an engaging physical experience - designed by Harsh Patel - for younger photo aficionados, students, and anyone interested in gaining a deeper understanding of contemporary photography. Charlotte Cotton is an author and curator. She has been at the forefront of the appraisal of contemporary art photography for over twenty years.

Photography is Magic - Aperture Foundation

Photography Is Magic encompasses the world of fine art photography at its widest measure possible by featuring the work of 85 contemporary artists. It is a tour de force of all visual media that may stray or touch in the most peripheral way upon any photographic means to create an image.

a book review by Richard Rivera ... - N Y Journal of Books

Photography is magic. It has both the ability of recording reality, as well as transforming it through artistic practice. I move ever more from the former to the latter.

Photography is magic | World Photography Organisation

Photography is not magic itself, but rather has the potential to connect to it, as long as it asks bigger questions than that of the “ artificialities ” of its own medium (the canon, the market, trend – as demonstrated in Photography Is Magic). The surrealist Andr é Breton came to see photography through the lens of fiction.

Photography Is Magic, the latest publication by curator and author Charlotte Cotton, explores photography as a path to the imaginative in the minds of viewers. She considers more than eighty bodies of work, the bulk of which were produced after 2010, from the perspective of close-up magic, as a way to conceptually link a variety of contemporary practices and think through how they complicate and further enrich the image-dense moment in which we live.
