~~Software Requirements MCQ  
Questions & Answers - Letsfindcourse~~  
Requirements Engineering is closely  
related to software engineering, which  
focuses more on the process of  
designing the system that users want.  
Perhaps the most concise summary  
comes from Barry Boehm:  
requirements are "designing the right  
thing" as opposed to software  
engineering ' s "designing the thing  
right" (Boehm, 1981).
