~~Critical Thinking Math – Eye Level Contest~~

Critical thinkers start by asking questions about whatever is in front of them. They consider cause and effect. If this, then what? If that, then how is the outcome different?

~~How to Practice Critical Thinking in 4 Steps~~

It is standards-based, but what makes it different from other pre-algebra books is that it organizes concepts in a logical fashion, stressing practice and critical thinking. It avoids the mistakes found in many other math books of trying to teach new concepts before students receive the prerequisite skills and practice necessary for success.
