All children need to know that they are valued. Valued for being who they are, not for what they can achieve. So how can you let your child know that you value her or him? Do emphasise their good points. Even if they are far from being top of the class at school and good at sports, they are individuals in their own right and have many other good points.

**How to value your child - Care for the Family**

Biologically, a child is a human being between the stages of birth and puberty, or between the developmental period of infancy and puberty. The legal definition of child generally refers to a minor, otherwise known as a person younger than the age of majority. Child may also describe a relationship with a parent or, metaphorically, an authority figure, or signify group membership in a clan, tribe, or religion; it can also signify being strongly affected by a specific time, place, or circumstance

Play is vital for the child's total development for the very reason that it is the most important way that a child learns. No activity is as valuable to the young child. As parents, we must not underestimate the value of play for young children. So let your child learn, have fun and play, play, play!

**The Value of Play for Young Children - Montessori Rocks**

Public value should not be confused with the often-used term "social value" (Czalczynska-Podolska, 2014, p. 132) focusing on interactions between people of the same age group, namely children and youth (Solomon, 2005; Woolley and Lowe, 2013). Public value shifts the focus from socialisation as a child's development of social skills between peers, to active interaction with a variety of ...

Child development is the study of how children think, feel, and grow. Development occurs in a predictable sequence, but every child has their own unique timeline. Children will babble sounds before saying words. They usually walk before they run. But not every child will say his first word at 10 months or walk at 1 year.
