Employee Training and Development Across the Generations....

In Do Generational Differences Matter in Instructional Design?, John Cone, former head of Dell Learning, is quoted as saying, "The ideal learning event at Dell has a class size of one, lasts 5 to 10 minutes, and takes place within 10 minutes of when someone recognizes that he or she needs to know something. Our challenge is to reduce learning to its smallest, most-useful increments and to put the learner in charge of the entire process."

Learning differences between generations - MicroAssist

However, this will display itself differently by generation: Baby Boomers are less likely to readily use social media for learning or seek regular feedback-a big contrast to the more techno and media friendly Generation X and Y. Generation X are likely to appreciate structured development, regular feedback and mentoring and Generation Y live in a world of constant communication and technology and expect regular feedback, especially from colleagues about how they are doing.
